This is for informational purposes not fear mongering. None of what was planned has happened. We are still free. Humankind must collectively rebel, especially where it will have a global impact: USA and Europe. It's where the world destiny lies. Why ? Is it where most international institutions are located and international policy is formulated.

Corona crisis enlightenment guide: See by yourself this compelling evidence. The cure for this crisis is freedom ! Critical thinking is a must! What follows is some independent research information which is important to consider along with the endless stream of mainstream media and social media that is often confusing and or misleading.

A message to humankind:

Citizens, taxpayers, serfs...

*There is a new virus in our proud state. More than 99.9% of you will survive. Those who realize you're sick will have mild symptoms, and 80% of you won't even know you had it. Even among those who are 90-years old or older who get this virus, 90% will survive. Like every malady, the elderly and unhealthy among you are at greatest risk. But remember our motto, if one elderly sick grandma ever dies, **we must all remain enslaved forever.***

Because of this new virus, I have decided to order every citizen to stay indoors until further notice. Perhaps for a year or two until Dr. Bill Gates is ready to sell you his vaccines. Effective immediately, all businesses except those I deem essential are to be closed. The businesses that bribe, sorry, donate the most will be allowed to stay open. It is, after all, a free market.

*The 12-year Government Indoctrination Centers are to be closed but I urge all young people to **continue studying our propaganda at home.***

*Going to parks and beaches is now prohibited on penalty of arrest and steep fines. If you must go somewhere, please be prepared to show your papers to the police, showing what you are doing outside your home. If you have a legitimate government-approved reason for being outside, such as working for the government or the mainstream media, your face must be covered, not as completely covered as women in Saudi Arabia, of course, those people are barbaric, but you get the idea: **Wear masks wherever you go**, except in the bank, in which case, take off the mask because the risk of virus transmission is considered lower than the risk of the bank's camera system not seeing your face.*

*Also, you may no longer assemble or gather in groups. You may not get close to people outside your home. Speaking of your home, visits to your home by friends and family are now prohibited. Armed members of the government will soon be coming to your door to take some random tests. If anyone in the house tests positive for this completely random test, we will kidnap you and put you in the camps. **Don't worry about your children**, we will take care of them in our state-of-the-art orphan asylums where we'll make sure they receive their brand.*

*In the future, should you wish to travel, shop or really, live at all, you will need Dr. Bill Gates' mark of the beast. Should you try to live in society and you do not have the mark of the beast you will also be **taken to the camps for forced injections and marking.***

Of course, some will disagree with my actions, but those who use social media to try to arrange protests, Facebook will take down your pages. Some scientists will have different opinions, but if anyone places contradictory opinions on YouTube, YouTube will take down those videos and any others that do not adhere to our edicts.

Dissenters will be taken to the FEMA re-education camps.

*Remember, we live in a free country with the moniker, "land of the free, home of the brave". And, at dire times like this, **it is important that no one is free** and we remain very scared.*

Dear tax slaves, we can fight this invisible enemy and we can win, if you all follow these orders.

God Bless our Idiocracy. And, remember, as always, you don't own yourself. We do. May the odds be with you.

Regards,

Your Lord and Supreme Master

(actually all my power is in money and rests on the ignorance of the masses)

Intelligent and critical people do not rely in only one source of information, you must be open to everything that is available and then sort the truth out using reason and logic. Take your time to see things that you are trying to avoid, we know you are scared, and that you want to have everything back to normal.

We understand that and we also want things to get back to normal. But understand that something big is happening now, and most people are not even aware. They are being distracted by the media and high ranking academics and politicians are getting money to reiterate this mainstream narrative only to make people scared and lost.

Their agenda is exposed at daylight right now, if we can spread the information to the people that matter, who will organize and do something, especially if that means an insurgency, going underground and wreaking havoc at the enemy. Its time proven tactic.

Take the time to see this links and do your own research. After carefully studying this you can get back on your senses and see what really matters and what must be done collectively. We must make a plan and apply it. ACTION.

We must not spread fear but information just to make enough people really organize, see through this conspiracy and get to the streets. Its time for sacrifice. Dont have fear of a mercenary in uniform! People can unite and organize against what is indeed happening, we always did this old and young alike. We dont have time to wake up everybody we must wake up as many as possible ! They cannot kill and jail us all ! They will kill and jail us in broad daylight with our consent if we do not take a stand now. Fuck the quarantine measures ! IT'S A DIVIDE TO CONQUER. They are deeply afraid of the people UNITED, THINKING and ACTING as ONE !

Connect and organize ! We must do the completely opposite of what our "lords" or better yet EXPLOITERS order us to do. Connect on your local level, raise the most fanatical resistance against total enslavement and a transhuman dystopia. That is not an option. I would rather kill and live forever than to make all my children face this psychopath dream. The calling has finally arrived.

If you find more useful information and tools, share. Most important GET OUT ! MEET PEOPLE. Any kind of resistance is important. From breaking lockdown to armed insurgency. Things will get worse, so start now ! Today.

We wont get this trough political means, so get the fuck out and connect. Dont be scared ! Thats their main weapon !

Ignorance and fear !

Their power is an illusion ! We are many and they are few!

Raise awareness at your local level !
